

Financial Agreement

Dr. Wilson and his staff's mission are to provide the most comprehensive and comfortable dental care to their patients based on a clinical need. An important part of the mission is making the cost of "optima" as easy and as manageable financially for our patients as possible. We do so by participating with several insurance companies and working with the few that we don't.

Our office will submit pre-determinations as necessary and general claims per patient appointment to your insurance carrier although this does not always mean that your insurance carrier will cover the cost of treatment. Co- payments and payments are due at the time of patient appointments. Any remaining treatment balances not covered by your insurance carrier will be your responsibility, due to be paid within a 30-day period or an 18% interest charge will apply.

We accept cash, check, all major credit cards and participate with Care Credit.

Thank you from the GOPD team.
